

Building Relationships To Keep Our Communities Safe

November 20, 2018

Below 100
P.O. Box 18383
Tucson, AZ 85731

To the Below 100 Team,

We are excited to be part of the great work your organization is doing to curb preventable line of duty deaths and injuries through education, training, and greater awareness. Building relationships to keep our communities and our officers safe is the primary mission of the United Coalition of Public Safety (UCOPS) and we're glad to partner with like-minded folks dedicated to supporting the safety of law enforcement.

In unanimous agreement, the UCOPS Board of Directors is proud and honored to make the enclosed \$8,000 Strategic Sponsorship donation.

In a profession where we answer calls for service and run towards danger to protect our communities, the outcome of many situations is determined by the behaviors of others but wearing vests and seatbelts is something completely within an officer's control and it saves lives. Our hope, like yours, is to see the number of preventable deaths and serious injuries of officers go down to Below 100.

The San Jose Police Officers Association, a founding member of UCOPS, requests that a portion of our donation be allocated to sponsor training for the Oakland Police Department in Oakland, CA. We believe your training will be of enormous value to the men of women of the Oakland PD considering the recent tragedy that has impacted their department.

Thank you for the opportunity to support such a worthy cause; we anticipate a continued partnership. Please let us know if you have any questions or if we can provide any additional help to your efforts.

Respectfully,

Board of Directors
United Coalition of Public Safety

The United Coalition of Public Safety works on behalf of law enforcement officers and the communities they serve nationwide to shape strong partnerships and break down communication barriers; building trust through active engagement, honest dialogue, education, and outreach.
